Terms & Conditions

Here at 700 South, we are always searching for better ways serve you, and realize in order to do so, it is essential to lay down guidelines that will allow us to do just that. Naturally, we would like to have orders placed as early as possible but we realize that isn't always going to happen. **So, for orders called in after 9 am we no longer will guarantee a delivery time.** What we will do is get your order there as soon as possible. Please remember that when orders are called in later they are put in rotation to be worked and aren't always ready to go on the delivery van when the first vans are leaving the building. We will make every effort to complete your order so it can go out on the first delivery van to leave. If the order doesn't make the first van to leave then it will be put on the first van returning for the second delivery run.

Since bag lunch orders require more time to assemble we will not be able to except orders for them after 10am for the same day.

All Hors d'oeuvres & Hot food orders must to be placed 24 hours in advance so we are able to order fresh product to be delivered and to allow adequate preparation time. All our food is cooked to order and whenever possible is prepared daily with the freshest ingredients.

Orders for Deli Meat Trays and Breakfast Foods need to be placed by 4:00 pm the day before. Again orders for baked product need to be placed with our bakery by 4:00 pm for delivery the next morning. We order enough rolls, bread, bagels etc. for the next day's business to assure you get the freshest product with every order.

We are setup to receive E-mail orders and would prefer them to faxes since we can respond to E-mails more promptly, assuring you we received your order. **Or, you can place your order online at our website 24/7, although please allow three hours so we can receive and prepare the order on time.**
